

FISCAL NOTE

SB 2860 - HB 2695

February 25, 2002

SUMMARY OF BILL: Requires driver license and photo identification card applicants to present at least two documents to establish identity and proof of residency, one primary document and one secondary document. Outlines what constitutes a primary and secondary document. Specifies that if an applicant has not been issued a social security number and is unable to produce the required documents a license or card shall not be issued. Authorizes the Department of Safety to require additional documentation if the documentation submitted is questionable or if the license examiner questions the applicant's identity.

ESTIMATED FISCAL IMPACT:

Decrease State Revenues - Not Significant

Estimate assumes the state will experience a decrease in revenues from driver license fees as fewer people will be eligible for a driver license under the provisions of the bill. This decrease is estimated to be not significant.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
